Article 2. (Ballot Question) Do you approve of having two sessions for the annual town meeting in this town, the first session for choice of town officers elected by an official ballot and other action required to be inserted on said official ballot and the second session on a date set by the selectmen for transaction of other business? 137 yes, 67 no.

Article 3. (Ballot Question) Are you in favor of adding Article XVIII to the Dublin Zoning Ordinance to control rapid growth as proposed by the Dublin Planning Board as follows?

1. In any calendar year any landowner may be allowed one subdivision into two lots provided the subdivision meets all other requirements applicable to subdivisions at that time.
2. In addition to the above, in any calendar year, the Planning Board may allow three subdivisions of either three, four or five lots, each subdivision to be owned by a different owner.
3. In order for any subdivision to be more than five lots, it must be approved by the Planning Board and accepted by vote at a regular or special town meeting.

This ordinance to be in effect for two years or until the completion and adoption of the Master Plan, whichever comes first. Yes 140, No 70.

Article 4. Officers chosen by voice vote: Measurer of Wood and Bark, Clarence Babneau, Memorial Day Committee, Brian Barden, Robert Blanchette and Daniel Walsh.

Article 5. Moved that the Reports of Agents, Auditors and Committees be accepted as printed. Carried.

Article 6. Moved that the Town authorize the selectmen to borrow money in anticipation of taxes. Carried.

Article 7. Moved that the Town authorize the selectmen to administer and dispose of any real estate acquired by tax deed. Carried.

Moved by Lucille A. McDonald to take up Article 22 at this time. Carried.

Article 22. Moved that the town accept certain Trust Funds, as follows:

For perpetual care of Cemetery lots

Phyllis Lindgren	$100.
Wayno Tastula	100.
Millard Worcester	200.
Robert A. and Bernadette Knight	300.

Carried.

Article 8. Moved that the town raise and appropriate the sum of $6,000. and to accept any gifts for the installation at the Town Hall of an approved smoke detector and fire alarm system and a second fire escape which would allow various functions in the upstairs hall now prohibited because of inadequate fire safety facilities. Moved by Pamela Snitko to table this motion. Failed. Original motion also failed by standing vote.

Article 9. This article was passed over because it has to be a Ballot Question.

Article 10. Moved that the town vote to prohibit the transportation and storage within the town of nuclear fuel, waste products, or other radio active materials connected with nuclear powered electric generating plants when not pre-empted by State or Federal Statute; penalties for judged violations to be assessed by the Board of Selectmen. Failed.

Article 11. Moved that the town raise and appropriate $225. for one year's tuition to the New England Municipal Clerks' Institute at Salve Regina College, Newport, R.I., to enable your town clerk to start a 3 year course to become a Certified Municipal Clerk (C.M.C.). Carried.

Article 12. Moved that the town raise and appropriate the sum of $1,350. to resurface, with proper drainage and clay, the Little League Baseball Diamond at the town ballfield. Carried.

Article 13. Moved that the town raise and appropriate the sum of $1,833. for the purchase and installation of a Fire Station Base Radio at the Fire Station, which will allow complete communicating between the fire station, the Mutual Aid Station in Keene and our fire trucks. Carried.

Article 14. Moved that the town raise and appropriate an introductory sum of $500. to provide one acre of cleared ice on Dublin Lake for the purpose of recreational skating. Failed.

Article 15. Moved that the town vote to accept New Hampshire Highway Safety Funds in the amount up to $3,220. for a program of increased policing of traffic during the high summer weeks, provided this does not committ the town to any expenditures in future years without a vote of the town. Carried.

Article 16. Moved that the town raise and appropriate the sum of $6,000. for the purchase of lot 16-9 now owned by Mrs. Millard Worcester which borders the Library and Town Hall southern boundaries, for the purpose of future sewerage and parking space and to take any other action relating thereto. Carried.

Article 17. Moved that the town raise and appropriate the sum of $42,350. for the purchase of a new Highway Dump Truck to replace the 1970 Chevrolet truck. This truck will include a new front plow plus front plow attachments and a new wing plow with wing plow attachments and to authorize the selectmen to withdraw $10,000. from the Heavy Highway Equipment Fund Account of Capital Reserve and

to raise the balance of $32,350. through the issuance of an 8 year note or take any other action thereto. Motion Failed by Yes/No Ballot 60 Yes, 62 No.

Article 18. Moved that the town raise and appropriate the sum of $2,000. for the purchase and installation of a Highway Guard Rail along the east side of Page Road near Dublin Christian Academy, for the top of "Allis" hill to the culvert located at the bottom of the hill, to prevent further mishaps from vehicles sliding down and over a steep embankment. Failed.

Article 19. Moved that the town continue the present six months lease of the Womens Club Building to the Postal Department for that period of time it takes for our Planning Board to complete the Town Master Plan which will include a desirable location for the town's new Post Office, or take any other action thereto. Carried.

Article 20. Highway Department Town Maintenance	2,557.
	$6,557.

Carried.

Article 21. Moved that the Town accept the Town Budget as printed and raise and appropriate the necessary sums therefor. It was moved to amend the budget to add line items 54 and 55 submitted without recommendation in the total amount of $1,062. This amendment failed by standing vote. Moved to amend the budget to divide the allocation of $16,000. to be paid into Capital Reserve as follows: $10,000. for Heavy Highway Equipment, $4,000. for Fire Trucks, $2,000. for Police Cruiser. This amendment carried. It was moved to add $5,000. to line 65 Contingency Fund to be used for the leasing or repair of equipment by the Highway Department in case of breakdown of Town owned equipment, whereas we voted down Article 17 for the purchase of a new truck. This amendment carried. It was moved to accept the revised Town Budget as amended with total expenditures to be $284,284. with estimated revenues of $163,556 leaving an estimated amount to be raised by property taxes exclusive of County and School Taxes of $120,728. REPORT OF THE BUDGET COMMITTEE

The 1979 Budget Committee met ten times in the course of the 1979-1980 budget preparation year — March 1979-March 1980. At the first organizational meeting Edward F. Whitney was elected Chairman and Lucille A. McDonald Secretary.

Meetings with department heads to examine 1980 department budget requests began on November 27, 1979, and were held approximately once a week from that date on. The Public Hearing on the Budget is scheduled for February 12.

At this writing all departments' 1980 budgets have been gone over once, and the second review process is under way. As can be expected, almost all budgets are up, the result in many cases simply because of the increased cost of heat, and in others because of the increased cost of services, such as the Peterborough ambulance and Monadnock Visiting Nurse — programs which the Town has voted to join each year — or the increased cost of required expenses such as insurance. This last, of course, reflects increases in salaries of Town employees and purchase of new equipment.

There are also, this year, a significant number of Warrant Items which entail expense, ranging from a 2nd full-time police officer to a septic system and well for the Town Hall and Library. The Budget Committee is reviewing each item in each budget in an attempt to keep the increases at least within the 10-15% range. It will have a recommendation on each of the money-raising Warrant Items. Final figures for certain of the Warrant Items have not yet been received, but based on preliminary figures, if all Items are approved by the voters the total Budget could well be up 15-18%. This would have a doubly drastic effect on the 1980 tax rate, since last year's rate was reduced at the direction of the State through the application of surplus accumulated over the years. This surplus is largely gone and therefore not available this year to reduce the amount of money which will have to be raised through taxes.

This year, again, we are especially indebted to our Secretary. Lucy McDonald has spent a lot of time and has done an excellent job in preparing the 1979-1980 budget comparisons, budget forms, and meeting minutes, as well as bringing to the job a wealth of knowledge of the budget process gained from her years on the Committee and as a Selectman.

Anne Biklen's and Russell Eaves' terms expire this year, and we sincerely hope that they will run again and that the Town will support them. Both have contributed greatly to the discussions at our meetings, both have a real interest in the Town, have worked on special Budget Committee projects, ahd have shown keen judgment in the difficult job of deciding financial priorities.

Respectfully submitted,
Edward F. Whitney, Chairman

AUDITORS REPORT

To the Board of Selectmen of the
Town of Dublin

We have examined the balance sheets of the General Fund and Trust Funds of the Town of Dublin as of December 31, 1979 and 1978, and the related statements of changes in fund balance, revenues, appropriations and expenditures and general long-term debt of the General Fund and changes in fund balance of the Trust Funds for the year(s) indicated. Our examination was made in accordance with generally accepted auditing standards and, accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets as required by generally accepted accounting principles is not included in the financial report.

In our opinion, the aforementioned financial statements present fairly the financial position of the General Fund and Trust Funds of the Town of Dublin as of December 31, 1979 and 1978, and the results of the financial transactions for the year(s) indicated, in conformity with generally accepted accounting principles applicable to government entities applied on a basis consistent with that of the preceding year.

EMERGENCY NUMBER 352-1100

This year the Department has arrested and prosecuted 22 persons who were Driving a Motor Vehicle While Under The Influence of Intoxicating Liquor. This is a reduction from the past years and I feel that the motoring public is slowly understanding the seriousness and are desisting from operating vehicles after having consumed alcohol in this area.

The Department also has been very active in criminal cases, and we have been successful numerous times, although we do have cases pending which are continually being investigated jointly with several other agencies.

Along with the many other services which the Department renders to the Community, I find that our time is very occupied either by past incidents or present. Motor Vehicle Violations and Criminal cases have kept us in District & Superior Court appearances, along with the abundant paperwork.

As we start a new decade, it is always good to look at where we have been over the last ten years. We started the decade with two part-time policemen. In 1972 a full-time police chief was approved at Town Meeting. Since that time the population of the town has almost doubled, has added numerous new dwellings, and the traffic flow on Route 101 through Dublin has taken on significant increases; especially trucks and tractor-trailer units. Along with this the Police Department has been called on to perform an increasingly demanding schedule. It is now impossible for one full-time officer to do the job the town deserves and needs. Both traffic and criminal problems increase year after year and now I am recommending that the Town fund one more full-time police officer. I would hope that all town residents support this article, for without this officer we feel that the Town could suffer by its inability to meet the essential protection and safety services needed by the Town.

The police cruiser is due for replacement again this year; with over 100,000 miles the cruiser has done its duty well.

We are pleased to state the total accidents in the town involving over $300 worth of damage or personal injury were down slightly from last year. The Police Department investigated 55 accidents, of which 19 were on our town roads and 36 on Route 101.

Robert McLean, Chief

REPORT OF THE HEALTH OFFICER

The major duties of the health officer are to enforce the public health laws and regulations and to make such sanitary investigations as may be directed by the board of health (selectmen and health officer) or required by the (state) Division of Public Health Services. This year has been occupied in finding out these duties, acting in accordance with the rules of the Public Health Service, meeting the requirements of the NH Water Supply and Pollution Control Commission and meeting the people in Concord who work most closely with those areas of concern to Dublin.

The largest amount of the health officer's time is consumed in the area of small sewage disposal systems and the application of state law (RSA's) to the problem of renewal and replacement systems for those that have failed or have created a "nuisance" through odor or run off on another person's property.

RSA 149-E is the legislation to prevent pollution of the State's surface water and to protect underground water supplies from inadequate waste disposal systems. This legislation requires . . . "Any person proposing either to subdivide land or to construct a sewage disposal system shall submit two copies of plans for any such subdivision of land and two copies of plans and specifications for any sewage or waste disposal system which will be constructed on any subdivision or lot for approval in accordance with requirements of the Water Supply and Pollution Control Commission. . .No person shall construct any building from which sewage or waste will discharge or construct a waste disposal system without prior approval of plans and specifications. . ." Under these rules the state receives, approves the plans, and makes operational inspections of all new systems.

Much land in Dublin requires an extensive and therefore costly sewage disposal system to meet the state specifications and not contaminate surface waters or the underground water supply. It is precisely for this reason that all landowners or prospective landowners should make themselves aware of the requirements of the Water Supply and Pollution Control Commission before constructing new buildings, having additional bedrooms built or increasing the load on their current disposal system, replacing a septic tank and repairing or enlarging/relocating an existing seepage bed. Replacement of an existing septic tank normally does not require state approval. However, where the system repair involves replacement of a seepage bed to a location other than the original one, the plan for such a repair must be submitted for approval prior to installation. In some repair or replacement situations it may be possible to expedite the approval process by including with the plans a statement by the health officer as to the need for emergency action. I would be only too glad to assist anyone in this way or in answering any questions concerning the need to have state approval of a repair to an existing septic system.

DUBLIN PUBLIC LIBRARY

The New Hampshire State Library has engaged a professional public relation firm, federally funded, in an effort to shake up and change old misconceptions about libraries. The theme for 1979 has been THE INFORMATION CENTER RIGHT BEFORE YOUR EYES. No longer is it considered just a haven for pleasure readers, but a place to provide how-to-do-it information, referrals of community services, a meeting place for community groups.

We feel encouraged to continue what we have been doing for years. We know we distributed information about local affairs to many more patrons last year.

The Children's Caravan, which had much to do about producing a play, fielding a festival or "to have a happening" was held in the Gowing room with two NHL consultants doing the program. An exhibit of children's books was on display.

The Ben Franklin Stamp Club has been meeting monthly in the Gowing room. Tom LaFortune is the leader.

A mini bookmobile was held at the Playground during the summer, as well as a reading achievement program.

The annual library party was a great success with a reenactment of library history from 1793 to the present. Scenes of "highlights" were acted out and pictures taken. The children enjoyed the scene of the 1884 town meeting when the town voted to establish a public library supported by taxation, and also voted one hundred dollars for the year.

The library has acquired one hundred and twenty five glass negatives from Elliot Allison, taken by his father Henry D. Allison. The Dublin Conservation Commission has given us two hundred dollars to defray the costs of having prints made. Wallace Baker, photographer for the KEENE SENTINEL, has agreed to do the work.

An anonymous donor gave the library twenty-five copies of the town tax map, and twenty copies of the 1853 town map. Elliot Allison made it possible for patrons to acquire a print of what is thought to be the earliest print of Dublin village. The prints and tax map are sold out, and the library some dollars richer in their book budget, as the donors wished the library to keep the proceeds.

Every effort has been made to "button up" the library. Insulation has been used in the three fireplace openings and to cover the skylight in the stack room. Caulking around windows was done. The heating system is efficient. The thermostat is kept at 55 when the library is closed and seldom over 60 when open, and we manage to keep comfortable. Extensive repairs need to be made to the slate roof and copper eaves.

Our deepest appreciation to Elliot and Hildreth Allison for their gifts of rare and valuable papers and pictures of Dublin. It adds strength to our collection of local history for research.

We thank the following:

The Dublin Conservation for their gift of money and the subscription to AUDUBON.

Albert Rajaniemi, trustee, for volunteering to cut down some of the jungle growth behind the library.

Robert Sweet for help in checking our tired projector during a busy summer of films.

Dee Fontaine, Dublin Playground director, for her cooperation and help with the summer program.

Andrew Elder, trustee, for his marvelous collection of antique toys on exhibit.

Mrs. F.H. Moore for her generous check.

Ms. Silitch and Mrs. T. Clark for sewing machines.

Our patrons supplement our book collections with some very excellent books and magazines. We thank the following: S. Avery, Mrs. D. Burnham, Ms. Bedell (subscription to four children's magazines), Mrs. Dole, J. Haddock, Mr. and Mrs. Pool, Mrs. J.F. Hawkins, Mrs. J. McKee, C. McKeen, Mr. and Mrs. John Reis, C.R. Trowbridge, F. VonStade, A. Wolfe, YANKEE and MOUNTAIN MESSENGER.

The White House Library Conference was a huge success. As a result a proposed National Library Act is under study. One idea is that the Federal and State governments should help in funding local libraries on a per capita basis.

To the trustees, the library assistants, my deepest appreciation.

REPORT OF MEMORIAL DAY COMMITTEE

The Memorial Day Committee is planning to update the Soldiers Honor Rolls which are attached to the front of the Town Hall. We would like to obtain one plaque for the Korean War and another for the Vietnam War.

We would like information about persons from Dublin who served in either of these wars. Please contact Brian Barden, Dan Walsh, or Bob Blanchette. Since the cost is determined by the number of names, we would like to compile all information for our 1981 budget.

DUBLIN PLANNING BOARD REPORT — 1979

1979 is the year that will be remembered as the year Dublin's first Comprehensive Plan was completed. Well over half our Planning Board hours were spent working on this plan (as well as much time from townspeople.)

A Summary Digest was sent out to all property owners (and still is available, free). The complete report was given to all town officials and Comprehensive Plan Committee Members and it is available for sale at $2.00 a copy.

The most important point to remember is that it is only a guide for the town. The townspeople by their votes are the final judge on what will or will not be implemented or enacted.

As a result of the Comprehensive Plan, and two Public Hearings, four amendments will be proposed by the Planning Board and decided on by the voters (by ballot) at the Town Meeting in March, 1980.

Trying to get the Post Office established in a permanent site also consumed considerable time, with no apparent solution in sight as yet. However, the Town will have some control over where the permanent site will be if the Second Zoning Amendment passes on the ballot. Part of this amendment says the Post Office can only be built in the Rural District by a special exception of the Board of Adjustment. It can be built in the Village District, presently, or in the Neighborhood Commercial District, if the Neighborhood Commercial District passes as a Zoning Amendment.

Norman Davis resigned as a member of the Board on July 19, 1979 and the Selectmen appointed John McKenna to replace him.

The Planning Board meets the first and third Thursdays of each month at 7:30 P.M. in Dublin Town Hall. All meetings are open and everyone is welcome. Isabel Pratt, Chairman of the Dublin Conservation Commission, usually attends as a non-voting member.

We would like to end by saying the Dublin Planning Board are part-time amateurs, trying to do a job, and we could not get along without the help and assistance of the Southwestern New Hampshire Regional Planning Commission.

REPORT OF SITE INSPECTOR

This past year has been busy. We have a lot of new houses being built in Dublin. We've had 8.5% more building permits than in 1978. This year we have 2½ times more new houses built than in 1977.

The state of New Hampshire has introduced a Thermo Heat and Lighting code which will concern all new construction. We should receive more information about the code in the near future. Selectman Ann Walsh and I attended a seminar about emergency building temperature restrictions for all non-residential buildings.

I would like to remind everyone that a building permit is required for construction over $1,000 in value. The permits issued are as follows:

17 new buildings	$2,485,200
1 new garage	5,000
1 swimming pool	4,500
22 additions or alterations	232,000

REPORT OF THE BOARD OF ADJUSTMENT

According to State Law, the Board of Adjustment "may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules therein contained." (RSA 31:66) "Ordinance" in preceding sentence refers to the Zoning Ordinance adopted by the Town.

In 1979, the Board of Adjustment acted on the following:

Approved a petition for the commercial property belonging to Mr. & Mrs. Harold Parsons for a variance of lot size of less than two acres and granted a special exception for a retail business and consumer services.

Approved Yankee, Inc. petition for three special exceptions. (1) The Parsonage from residential to Office use. (2) The former Post Office from rental to the Post Office Dept. to general office and graphic production use. (3) The Yankee Dublin Gift Shop from retail to a combination of Office space, retailing and auctioneering.

Approved The Dublin Christian Academy petition for a variance to construct an addition to the residence of Melvin E. Moody closer than 35 feet from the boundaries of the lot.

HIGHWAY DEPARTMENT

The highway department started the year with the usual plowing, sanding, and salting, followed by weeks of spring clean up. All roads were graded, ditches cleaned, and culverts flushed. Several culverts were replaced.

The Goldmine Road and the East Harrisville Road bridges were replanked, and the "special oiling project" done. Gravel from the Burpee pit, which is now just about depleted, was crushed and sand stockpiled for the winter.

After several meetings with the planning board and the conservation committee TRA was used on the Windmill Hill Rd. From the Upper Jaffrey Road to Preston's the road was widened.

Without the usual winter weather of November and December, it has been an ideal time to cut and chip brush and do repairs.

DUBLIN RECREATION COMMITTEE REPORT

The Dublin Recreation Committee again sponsored the summer program directed by Dee Fontaine. She and her assistants did an outstanding job and the Recreation Committee wants to thank them for their dedication.

The Halloween Party was keynoted by the movie "**The Rescuers**". This was the first year a movie has been shown and the idea was well received by children and parents alike.

The Dublin Road Race was run for the second year and again was acclaimed by the contestants for its challenging and picturesque course. We are hoping for a larger community participation this year.

Among the other events and activities sponsored by the Recreation Committee are Little League and Pee Wee baseball, and Adult Basketball.

The Recreation Committee is always looking for new ideas and would welcome any suggestions from the community.

1978 ended with Judge Bownes' denial of a request from the No East West Highway Committee for an injunction which, if it had been granted, would have effectively stopped all further State planning and Informational Hearings on a possible by-pass of Route 101 around Dublin village and Dublin Lake. With the denial, the State was again free to continue the planning process which Dublin had requested in May 1977. The Dublin Subcommittee and the Harrisville By-pass Committee accordingly agreed that the two committees should continue to meet together to explore possible areas of agreement.

The Harrisville Committee, as opposed to the No East West Highway Committee, had by this time agreed that Dublin did indeed have a traffic problem, but it was adamant in its feeling that the problem was Dublin's alone, not a regional problem, and that it could be solved on Dublin land without touching one inch of Harrisville soil. The Harrisville group felt that the F Corridor, paralleling Route 101 on the south from Gerry Road to the Upper Jaffrey Road, would solve the hill problem, and that crossing Route 101 by bridge or tunnel at the Upper Jaffrey Road intersection a route could be laid out along Old Common Road which would skirt the back of the cemetery and Cemetery cove, staying high up on the hillside below Elephant Rock, and rejoining Route 101 at Meryman Road or Old Chesham Road.

The Dublin Subcommittee felt that both ends of this corridor would be ruinous to Dublin, the village, the historic Common and the environment in the vicinity of the Cemetery. It attempted to explain its feeling during a walk of the proposed route with members of the Harrisville Committee. Harrisville was not convinced but in return agreed to walk Corridor C, along the Dublin-Harrisville line, as a possible compromise between the two towns. This walk unfortunately was cancelled and further meetings temporarily suspended by the Harrisville Committee on the grounds that its mandate from the town did not allow consideration of any route which touched Harrisville land.

Meanwhile, the Meryman Report was progressing through three or four drafts, the final draft being turned over to the Subcommittee at the end of April. The Subcommittee held numerous meetings during March, April and May to discuss the publishing of the Report and the preparation of the Subcommittee's Preface, in which the purpose of the Report, how it came to be written, its financing, and the Subcommittee's recommendations were to be explained.

At the end of May the Harrisville Committee requested another meeting. Although the two committees could not agree on a corridor, both felt that it was important to list those points on which they could agree. Accordingly, the following points were approved at a joint meeting on May 21 at the Harris Center in Hancock. Copies were sent to Commissioner Clements and to the Press.

1. There shall be no four lane land taking. Any road construction will be limited to two lanes with a truck climbing lane.
2. An acceptable solution should have the agreement of the two towns.
3. No corridor hearing will be held until both towns have completed their Master Plans.
4. The solution should not accelerate growth beyond the level of planned, controlled growth as specified in the Master Plans.
5. The solution must have minimal impact on the region's natural resources,

wildlife, air and water quality, historical, rural and visual character and neighborhood integrity.

The wording of point two was carefully considered with the word "should" being selected after considerable discussion. As originally written the wording was "An acceptable solution **must** have the agreement of the two towns." It was apparent that with that wording either town could, in effect, veto any corridor proposed by the other. Since the two committees had not been able to agree on a corridor up to that time, the wording was changed to "**should** have the agreement of both towns", indicating a goal to strive for. Unfortunately, this point has been occasionally overlooked since that time, and the Dublin Subcommittee has been unfairly criticised by Harrisville as having gone back on its agreement, when Dublin's final recommendation for a corridor did not meet with the Harrisville group's approval.

The Dublin Subcommittee's effort to find a suitable corridor has from the beginning centered on finding a route which would do the least harm to the least number of people, in Dublin or Harrisville. Accordingly, before making its final recommendation it requested the State to look hard again at the Dublin-Harrisville line corridor. This was done and at a regular meeting of the Subcommittee on July 29 State officials gave reasons why the strict town line corridor was not feasible, primarily because of the grades over Beech Hill. Two alternate routes, combining parts of Corridors B3 and C, were considered at least possible, and the Subcommittee set up walks over the route with the State which took place on August 8 and September 18.

Since the publishing of the Meryman Report was being delayed pending completion of the Subcommittee's recommendation, a Progress Report was sent out on July 27 to all those who had contributed towards the cost of preparing the Meryman Report. In August, not wishing to hold up the Report any longer, the Subcommittee arranged for the printing of the Report and the Preface, together with a colored map showing all the proposed corridors. Copies were available on August 31 at the Town Hall, the Library, the Dublin General Store, Carr's Store, Naylor's Snack Bar and Deacon Brodie's Tavern, and in addition copies were mailed to everyone who had contributed financially, and to all organizations which had shown an interest in the problem, political representatives, the Press and Radio. One hundred copies were given to the Harrisville Committee.

In the Preface the Subcommittee explained why it had come to the conclusion that a by-pass was necessary, inevitable and that planning should not be delayed. It gave its reasons for rejecting all routes except some combination of B, B3 and C. In early August, the Southwestern Regional Planning Commission had published the Dublin Master Plan, and in it had suggested serious consideration on the short by-pass routes over the Old Common Road and behind Cemetery Cove, half way up the side of Elephant Rock hill, with the eastern end of the route parallel to Route 101, either north or south of the present road. The Subcommittee did not consider these routes desirable or practical and stated its reasons in the Preface. Its opinion was backed up by the State which at a meeting with members of the Dublin Planning Board and the SWNHPC in November stated that these routes were not economically feasible.

Following the publishing of the Meryman Report on August 31 the Subcommittee continued to work on its final recommendation. Members of the Subcommittee also took part in a debate with John Hansel, Chairman of the No East West Highway Committee, on December 5 at Deacon Brodie's Tavern, a program sponsored

by the Monadnock Advertising Club, and presented its conclusions and recommendations at a Town Informational Hearing on December 12, and took part in the State's Informational Hearing #5 on Land Use on December 18. At this writing, the Subcommittee Chairman has accepted an invitation to be on a Panel Discussion program, called by the Dublin Planning Board, on February 14. This meeting will be chaired by Executive Councilor Judd Gregg and will include Commissioner Clements, John Hansel, John Colony, Chairman of the Harrisville Committee, Meade Cadot of the Harris Foundation, and others.

At this writing, a letter is being prepared explaining the Subcommittee's final recommendation, selecting Corridor B3, with some variations, as the most suitable route. This letter will be addressed to all Dublin residents and will go out by January 31. The corridor selected would start at its eastern end in the vicinity of Gerry Road, head northwest to New Harrisville Road at Venable Road, go just north of Venable Road (in order to escape houses on Old Harrisville Road which would be damaged if the corridor stayed closer to the Dublin line) and would rejoin Route 101 in the vicinity of Deacon Brodie's Tavern. This route extends about 2900 feet across the Harrisville line but stays approximately 2100 feet away from Lake Skatutakee and does not hurt the village centers of Harrisville, Chesham or Dublin.

As part of its responsibility to determine the Town's feeling about the by-pass the following questions will appear on the March Town Meeting Ballot:

1. Do you agree with the Dublin By-pass Subcommittee's recommendation that Corridor B3 with slight variations be the corridor selected as the corridor for the evenutal Route 101 by-pass of Dublin? Yes No
2. If your answer is "No" to Question #1, are you in favor of any by-pass of Dublin? Yes No
3. If your answer is "Yes" to Question #2, which corridor would you choose as the best? _____

We regret that we have not been able to come to an agreement with the Harrisville Committee. We have tried hard over the past year and a half. We believe the B3 route, with the variations described in the final recommendation letter, to be the best one for Dublin, Harrisville and the Monadnock Region, as well as satisfying the requirements of the State Department of Public Works and Highways for a safe road system across the southern part of the State. We hope that eventually the Towns of Dublin and Harrisville will be able to agree and will present this corridor, jointly, as the preferred corridor for a by-pass around Dublin village and Dublin Lake.

REPORT OF THE CONSERVATION COMMISSION

During 1979 the Conservation Commission has been busy with several major projects. Working with the Planning Board to help implement the Comprehensive Plan for the Town, the Commission was asked to study and make recommendations on open space, steep slopes and highlands, and historic areas. Several extra meetings were held to discuss this assignment. Ron King, director of land protection for the Society for the Protection of N.H. Forests, met with us to help us plan ways to preserve Mt. Monadnock. Over 2500 acres of land on the Dublin side of the mountain are privately owned and should be protected for the future.

A sub-committee on open space was appointed by the Commission to determine the best way to approach this goal. Chaired by F. Skiddy Von Stade, members are Nancy Perkins, Isabel Pratt, John McKenna, Thomas Wright, and Louisa Spencer.

The Commission felt that building on steep slopes throughout town should be controlled to protect the Town from soil erosion due to improperly constructed driveways and from pollution caused by the failure of improperly designed septic systems. After consulting with the U.S.D.A. Soil Conservation Service, and the Southwestern N.H. Regional Planning Commission, a steep slopes ordinance was written. Presented at two public hearings by the Planning Board, it will be voted by ballot in March.

A project to place over 135 Dublin houses in nomination to the National Register of Historic Places under a Multiple Resources Listing is still being completed. Extensive work has been accomplished by volunteers, gathering and documenting information. Prof. William Morgan, an architectural historian, was hired by the Commission to make professional evaluations of the houses. Lucy Shonk has done a great deal of research at the Registry of Deeds and other sources to learn about the people who lived in these houses and their significance to Dublin's history. We are most grateful to William Bauhan for heading up this project and for the countless volunteer hours he has spent compiling and editing material.

With no available Town appropriations, the Commission was able to raise enough money to meet our expenses. Funds amounting to $4,150.00 have come from individual donations, a grant from the Dublin Community Foundation, and a $500 Federal grant, approved by the N.H. Historic Preservation office.

The Conservation Commission sponsored the publication of "Monadnock Sightings" — Birds of Dublin, N.H. 1909-1979, by Elliott and Kathleen Allison. Grants from Yankee, Inc. and the Dublin Community Foundation helped pay expenses. We are indebted to Yankee for typesetting services and for designing the cover, to the Monadnock Paper Co., who provided the paper, and to William Bauhan, who edited and published the book.

This unique book is truly a labor of love, carefully documented and representing many years of work. Since Mr. and Mrs. Allison refused any royalties from sale of the book, the Commission decided to give $200 from proceeds to the Dublin Public Library for the care and cataloging of a collection of rare old glass negatives and photographs of Dublin, given by the Allisons to the Library.

During the spring, a study of Dublin's agricultural land was undertaken by Barry Reed, an Antioch Graduate student and intern for the S.W.N.H. Regional Planning Commission. Commission members helped with field work and the compiling of factual material for a written report. The report and a map was given to the Commission for the Town's use.

After several months of meetings and correspondence with the N.H. Highway

Department, the Conservation Commission was unable to force modification of the State's plan for constructing a costly detour across Howe Reservoir during reconstruction of the bridge. In return for a very small payment for the portion of Town land taken and for the easement required, the Highway Department agreed to build a small access lane from Route 101 to the Town's Conservation land. Precautions have been taken to prevent excessive siltation into Howe Reservoir.

The Commission continued a roadside tree planting project to replace trees lost from salt damage or disease. On April 28, Commission members, assisted by Beth and Jim Walker, planted 6 young trees.

The annual roadside clean-up, sponsored by the Commission, was held on May 5. Many volunteers of all ages covered the Town's roadsides. The Naylors supplied lunch for workers at noon and prizes were awarded to winners of the poster contest at the elementary school.

In June, the Commission entered into our first Conservation Trust Agreement with Alan and Judy Edelkind, the Commission acting as grantee, responsible for enforcing restrictions on use of the land. This legal agreement, provided by N.H. R.S.A. 477:45-47, is designed to maintain "land and water areas predominantly in their natural scenic, or open condition or in agricultural farming open space, or forest use."

Other activities have included sponsoring a well-attended informative Energy Workshop on August 23, a bus tour of historic houses on October 27, and the publication of the 9th and 10th issues of Newsletter, "Dublin Dirt" in March and September.

The Commission has reviewed dredge and fill applications and requests for building permits. We have expresed opposition to the excessive widening and paving of Scenic Roads.

We have attended meetings of the Planning Board, Bc rd of Adjustment, special meetings of the Southwestern N.H. Regional Planning Commission, a regional meeting of the N.H. Association of Conservation Commissions, and hearings of the State Highway Department.

A land use study of the Town's Conservation land near Howe Reservoir is being done by the U.S.D.A. Soil Conservation Service and plans for the future development and use of the land are being discussed.

In May Judith Hale's resignation was accepted with regret.

Nancy Perkins will retire from the Commission this year, having been a member ever since the Commission was established in 1970. We wish to thank her for all she has contributed to the Town during ten years of dedicated service. We will miss her!

REPORT OF THE CONVAL SCHOOL BOARD MEMBER

For my final report to the citizens of the Town of Dublin, I will briefly review some of the activities of importance that have occurred during the past few years.

1. **The Budget Process** has been streamlined, simplified and organized into a carefully structured procedure providing accurate, clear information to Board members and public alike.
2. **The Competency Program** has brought into focus what the real purpose of education is and has helped the staff make necessary adjustments in teaching patterns and content emphasis for the achievement of required skills. The program for 1980-81 which will emphasize student learning outcomes will move us closer to an articulated curriculum for our district.
3. Our **Staff/Board Relationships** have continued to remain upbeat, despite differences of opinion on specific issues through the years.
4. The **School Board** itself has taken on a much more **Open Attitude** toward administration/staff and public with lively discussion at each meeting among individual board members and the resulting decisions being more palatable to all simply because each one has had an opportunity to express an opinion without fear of put down or intimidation.
5. **The Staff** has done an outstanding job of **Reducing Energy Usage** and has saved the taxpayers thousands of dollars as a result. This effort has been shared by all, students included, and has set an example for each of us in energy conservation.
6. It has been our privilege to work with a most able **Administrative Staff** for the past several years. Superintendent William Page, with the very able assistance of Assistant Superintendent John Carr and Business Manager Ray Gauthier, has done an outstanding job of providing leadership in educational policy and administrative fiscal responsibility for our School District.
7. The **Budget for 1980-81** will show an increase of nearly 14%, but it is important to note that teachers' salaries and instructional material costs are increasing by about 6%. The precipitous rise in the cost of energy has dramatically influenced this large increase in the total budget.

The challenge of the eighties will be for a new School Board and a new Superintendent to provide the responsible and responsive leadership that will shape and mold our schools into a more effective and efficient school community without an increase in government control and intervention. The task will not be an easy one because the built-in costs for salaries, energy, texts, paper supplies, to name a few, are constantly on the increase due in large measure to the refusal of our governmental institutions to control and balance their budgets. As citizens and taxpayers we can be proud of the strides made during the seventies but we must be even more vigilant as we move into the eighties.

If we refuse to participate in the political process at any level of government, from Planning Board to President of the United States, we will be increasingly regulated and controlled by the social tinkerers. The job of School Board Representative is a very critical position and we should make sure that those we choose truly represent us in the management of our school system. Edmund Burke, the British statesman, said it well: "All that is necessary for the triumph of evil is for good men to do nothing."

I wish to express my thanks to my constituents for their faithful support during my tenure on the School Board, to my fellow School Board members for their patience and counsel, and to the Staff and Administration for their dedication and

hard work in seeking to make the Conval School District a good place in which to educate our children. Let it always be so.

Respectfully submitted,
Robert W. Sweet, Jr. Chairman

REPORT OF DIRECTOR OF CIVIL DEFENSE

This year has been quiet for the Civil Defense department. All of our radiological instruments are being recalibrated. This was recommended by the Civil Defense Agency in Concord.

There will be some seminars this year, which I hope to attend. We hope to have another quiet year in 1980.

Respectfully submitted,
Brian Barden

1979 CEMETERY ANNUAL REPORT

Compared to 1977-78, 1979 was a reasonably quiet year for the Dublin Cemetery. We spent a few hundred dollars on more, tombstone straightening and put a new coat of white paint on the tool shed.

The old water pump finally died and was cremated. A new one installed in its place.

Extensive brush cutting was done on both sides of the stone walls that surround the cemetery.

Hopefully, by Memorial Day you will see new carriage bolted white gates on all entrances. Two extra gates are going to be installed at either end of Carriage Lane. This will make the new section of 44 lots, in keeping with the rest of the cemetery.

This winter is almost over and things will be getting green once again.

See you in the spring.
Charles S.B. Pillsbury
Superintendent
Dublin Cemetery
